Sat, 27 Oct 2018 17:10:00 GMT the managers guide to statistics pdf - Statistics are tools for seeing and telling a story from data. Computers can usually handle the number-crunching calculations we may need, but interpreting the output and seeing a story is up to us. Instead of starting off by teaching you how to do calculations, we will start with some advice on how to see the real story behind the numbers.
